Infrared Sanna

Infrared saunas create warmth and heat you from core outward (versus traditional saunas which heat you from the outside first). The process allows vast therapeutic benefits at a lower temperature. Consider it a modern twist on how our ancestors sweated their way to better health and wellness.

- improved sleep & relaxation
- detoxification & weight loss
- relief from sore muscles
- relief from joint pain such as arthritis
- clear and tighter skin
- mood elevation
- improved circulation
- relief from fatigue

Red Light Therapy & Medical Grade Chromotherapy

(included with infrared sauna session)

- Regenerates Tissue
- Heals Wounds
- Helps Muscle Recovery
- Boosts Testosterone
- Reduces Chronic Pain
- Rejuvenates Skin
- Boosts Collagen
- Reduces Inflammation
- Soothes the Mind

Our ultimate goal is to make self-care accessible to the community which is why we partner with other local health practitioners at our wellness spa! Visit our website to learn more about massage, body work, and medical based skincare. Visit our
